In developing or revising the single plan, the school site council shall:

1. Measure the effectiveness of current improvement strategies at the school
   The school site council shall analyze student performance based on state and local data, identify significant low performance among all student groups, and analyze instructional programs to determine program areas that need to be addressed in order to raise performance of student groups not meeting academic standards.

2. Seek input from other school advisory committees as appropriate

3. Reaffirm or revise school goals to serve as a basis for school improvement activities and expenditures

4. Revise improvement strategies and expenditures
   The school site council shall specify actions to be taken, dates by which actions are to be started and completed, expenditures needed to implement the action, the funding source, anticipated annual performance growth for each student group, and the means that will be used to evaluate progress toward each goal.

5. Approve and recommend the plan to the Governing Board

The Superintendent or designee and the principal shall implement the strategies in the single plan and report to the school site council and the Board regarding progress toward school goals. The school site council shall monitor the implementation and effectiveness of the single plan and modify any activities that prove ineffective.

SCHOOL-BASED PROGRAM COORDINATION

In order to best serve students with special needs and students participating in designated educational programs, the Board of Education encourages school-based program coordination as a means for achieving flexibility in the use of the categorical funds received by each school. The Board believes that resources acquired to assist students in one program often can benefit other students without in any way depriving the originally targeted group.

A school site council shall be established at each school to consider whether or not it wishes the school to participate in school-based program coordination. All interested persons shall have an opportunity to meet in public to establish the site council. (Education Code 52852.5)

(cf. 0420 - School Plans/Site Councils)
(cf. 1220 - Citizen Advisory Committees)

The school site council of any participating school shall develop, for approval by the Board, a school plan that addresses the components specified in Education Code 52853. This plan shall be incorporated into the school’s single plan for student achievement required for the state’s consolidated application process. (Education Code 52853, 64001)

Evaluation of each participating school’s educational program shall include an assessment of the school’s effectiveness in meeting the needs of each student population originally targeted by the categorical programs.

CHARTER SCHOOL AUTHORIZATION

The Governing Board recognizes that charter schools may assist the district in offering diverse learning opportunities for district students. In considering any petition to establish a charter school within the district, the Board shall give careful consideration to the potential of the charter school to provide students with a high-quality education that enables them to achieve to their fullest potential.

One or more persons may submit a petition for a start-up charter school to be established within the district. In addition, an existing district school may be converted to a charter school when deemed beneficial by the district and community or when state or federal law requires restructuring of the school because of low performance.

(cf. 0520.2 - Title I Program Improvement Schools)

Any petition for a start-up charter school or conversion charter school shall include all components and signatures required by law and shall be submitted to the Board. In determining whether to grant or deny a charter, the Board shall carefully review the proposed charter and any supplemental information, consider public and staff input, and determine whether the charter petition adequately addresses all provisions of law.

The Superintendent or designee may work with charter school petitioners prior to the formal submission of the petition in order to ensure compliance of the petition with legal requirements. As needed, he/she also may meet with the petitioners to establish workable plans for technical assistance or contracted services which the district may provide to the proposed charter school.

Charter school petitions must be submitted in final form. Therefore, any material changes or additions to the petition made following submission will require petitioners to resubmit the petition.

Within 30 days of receiving a petition to establish a charter school, the Board shall hold a public hearing to determine the level of support for the petition by teachers, other employees of the district, and parents/guardians. (Education Code 47605)

(cf. 9320 - Meetings and Notices)

Within 60 days of receiving a petition, or within 90 days with mutual consent of the petitioners and the Board, the Board shall either approve or deny the request to establish the charter school. (Education Code 47605)

The approval or denial of a charter petition shall not be controlled by collective bargaining agreements nor subject to review or regulation by the Public Employment Relations Board. (Education Code 47611.5)
CHARTER SCHOOL AUTHORIZATION (continued)

Approval of Petition

The Board shall approve the charter petition if doing so is consistent with sound educational practice. In granting charters, the Board shall give preference to schools best able to provide comprehensive learning experiences for academically low-achieving students according to standards established by the California Department of Education (CDE) under Education Code 54032. (Education Code 47605)

The district shall not require any district student to attend the charter school nor shall it require any district employee to work at the charter school. (Education Code 47605)

The Board may approve one or more memoranda of understanding to clarify the financial and operational agreements between the district and the charter school. Any such memorandum of understanding shall be annually reviewed by the Board and charter school governing body and amended as necessary.

It shall be the responsibility of the petitioners to provide written notice of the Board's approval and a copy of the charter to the County Superintendent of Schools, the CDE, and the State Board of Education (SBE). (Education Code 47605)

(cf. 0420.42 - Charter School Renewal)
(cf. 0420.43 - Charter School Revocation)
(cf. 0420.41 - Charter School Oversight)

Denial of Petition

The Board shall deny any petition to authorize the conversion of a private school to a charter school or that proposes to serve students in a grade level that is not served by the district, unless the petition proposes to serve students in all the grade levels served by the district. (Education Code 47602, 47605; 5 CCR 11965)

Any other charter petition shall be denied only if the Board presents written factual findings specific to the petition that one or more of the following conditions exist: (Education Code 47605)

1. The charter school presents an unsound educational program for the students to be enrolled in the charter school.
2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.
3. The petition does not contain the number of signatures required.
CHARTER SCHOOL AUTHORIZATION (continued)

4. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(d).

5. The petition does not contain reasonably comprehensive descriptions of the charter provisions in Education Code 47605(b).

The Board shall not deny a petition based on the actual or potential costs of serving students with disabilities, nor shall it deny a petition solely because the charter school might enroll disabled students who reside outside the special education local plan area in which the district participates. (Education Code 47605.7, 47647)

(cf. 0430 - Comprehensive Local Plan for Special Education)

If the Board denies a petition, the petitioners may choose to submit the petition to the County Board of Education and, if then denied by the County Board, to the SBE. (Education Code 47605)

CHARTER SCHOOL OVERSIGHT

The Governing Board recognizes its ongoing responsibility to ensure that any charter school authorized by the Board is successfully fulfilling the terms of its charter and is providing a high-quality educational program for students enrolled in the charter school.

(cf. 0420.4 - Charter School Authorization)
(cf. 0500 - Accountability)

The Superintendent or designee shall identify at least one staff member to serve as a contact for each charter school. (Education Code 47604.32)

Whenever a charter school operates as or is operated by a nonprofit public benefit corporation as authorized by Education Code 47604, the Superintendent shall recommend and the Board shall appoint a district representative, who may be the district's charter school contact, on the corporation's board of directors.

Waivers

If the charter school wishes to request a general waiver of any state law or regulation, it shall request that the district submit a general waiver request to the State Board of Education (SBE) on its behalf. Upon approval of the Board, the Superintendent or designee shall apply for the waiver.

(cf. 1431 - Waivers)

Provision of District Services

The charter school may purchase administrative or other services from the district or any other source. (Education Code 47613)

Whenever the district agrees to provide administrative or support services, the district and charter school shall develop a memorandum of understanding which clarifies the financial and operational agreements between the district and charter school.

At the request of a charter school, the Superintendent or designee shall create and submit any reports required by the State Teachers' Retirement System or Public Employees' Retirement System on behalf of the charter school. The charter school may be charged for the actual costs of the reporting services, but shall not be required to purchase payroll processing services from the district as a condition for creating and submitting these reports. (Education Code 47611.3)
CHARTER SCHOOL OVERSIGHT (continued)

Material Revisions to Charter

Material revisions to a charter may be made only with Board approval. Material revisions shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605 and shall include, but not be limited to, a reasonably comprehensive description of any new requirement for charter schools enacted into law after the charter was originally granted or last renewed. (Education Code 47607)

If an approved charter school proposes to expand operations to one or more additional sites within the district's boundaries, the charter school shall request a material revision to its charter and shall notify the Board of those additional locations. The Board shall consider approval of the additional locations at an open meeting. (Education Code 47605)

The Board shall have the authority to determine whether a proposed change in charter school operations constitutes a material revision.

Monitoring Charter School Performance

The Superintendent or designee shall monitor the charter school to determine whether it complies with all legal requirements applicable to charter schools, including making all reports required of charter schools in accordance with Education Code 47604.32. Any violations of law shall be reported to the Board.

The Board shall monitor each charter school to determine whether it is achieving, both schoolwide and for all groups of students served by the school, the measurable student outcomes set forth in the charter and state testing standards.

The Board shall monitor the fiscal condition of the charter school based on any financial information obtained from the charter school, including, but not limited to, the charter school's preliminary budget; an annual update, aligned to the template adopted by the SBE, of school goals, actions, and related expenditures; first and second interim financial reports; and final unaudited report for the full prior year. (Education Code 47604.32, 47604.33, 47606.5)

The district may charge up to one percent of a charter school's revenue for the actual costs of supervisory oversight of the school. However, if the district is able to provide substantially rent-free facilities to the charter school, the district may charge actual costs of supervisory oversight up to three percent of the charter school's revenue. (Education Code 47613)

(cf. 7160 - Charter School Facilities)
CHARTER SCHOOL OVERSIGHT (continued)

Technical Assistance/Intervention

If a charter school receiving federal Title I funding fails to make AYP, as defined pursuant to 20 USC 6311, for two or more consecutive years, the school shall be identified for program improvement and shall implement improvement strategies in accordance with 20 USC 6316.

(cf. 0520.2 - Title I Program Improvement Schools)

If, in three out of four consecutive school years, a charter school fails to improve outcomes for three or more student subgroups identified in Education Code 52052, or for all of the student subgroups if the school has fewer than three, in regard to one or more state or school priorities identified in the charter, the district: (Education Code 47607.3)

1. Shall provide technical assistance to the charter school using an evaluation rubric adopted by the SBE pursuant to Education Code 52064.5

2. May request that the Superintendent of Public Instruction (SPI), with SBE approval, assign the California Collaborative for Educational Excellence to provide advice and assistance to the charter school pursuant to Education Code 52074

In accordance with law, the Board may deny a charter's renewal petition or may revoke a charter based on the charter school's poor performance, especially with regards to the academic achievement of all numerically significant subgroups of students served by the charter school.

(cf. 0420.42 - Charter School Renewal)
(cf. 0420.43 - Charter School Revocation)

Complaints

Each charter school shall maintain processes to enable any person to file a complaint, in accordance with the uniform complaint procedures as specified in 5 CCR 4600-4687, alleging the school's noncompliance with Education Code 47606.5 or 47607.3. (Education Code 52075)

(cf. 1312.3 - Uniform Complaint Procedures)

A complainant who is not satisfied with the decision may appeal the decision to the SPI. (Education Code 52075)

If the charter school finds merit in the complaint or the SPI finds merit in an appeal, a remedy shall be provided to all affected students and parents/guardians. (Education Code 52075)
CHARTER SCHOOL OVERSIGHT (continued)

School Closure

In the event that the Board revokes or denies renewal of a charter or the school closes for any other reason, the Superintendent or designee shall, when applicable in accordance with the charter and/or a memorandum of understanding, provide assistance to facilitate the transfer of the charter school's former students and to finalize financial reporting and close-out.

The Superintendent or designee shall provide notification to the California Department of Education, within 10 calendar days, if the charter school will cease operation for any reason.

Such notification shall include, but not be limited to, a description of the circumstances of the closure, the effective date of the closure, and the location of student and personnel records. (Education Code 47604.32; 5 CCR 11962.1)

Requirements For Charter Schools

The following exhibit has been developed to demonstrate many of the applicable laws to charter schools.

Charter schools are generally exempt from provisions of the Education Code unless they are expressly included in the law. However, charter schools are subject to the terms of their charters, any memorandum of understanding with their chartering authority, and other legal requirements including, but not limited to, requirements that each charter school:

3. Be nonsectarian in its programs, admission policies, employment practices, and all other operations. (Education Code 47605)

4. Not discriminate against any student on the basis of the characteristics listed in Education Code 220. (Education Code 47605)

5. Not charge tuition. (Education Code 47605)

6. Not charge student fees for any activity that is an integral component of the educational program, except as authorized by those Education Code provisions that explicitly apply to charter schools.

7. Adhere to all laws establishing the minimum age for public school attendance. (Education Code 47610)
Requirements For Charter Schools (continued)

8. Serve students who are California residents and who, if over 19 years of age, are continuously enrolled in a public school and making "satisfactory progress" toward a high school diploma as defined in 5 CCR 11965. (Education Code 47612)

9. Serve students with disabilities in the same manner as such students are served in other public schools. (Education Code 47646, 56145)

10. Admit all students who wish to attend the school, according to the following criteria and procedures:

   a. Admission to the charter school shall not be determined according to the student's place of residence, or that of his/her parents/guardians, within the state, except that any existing public school converting partially or entirely to a charter school shall adopt and maintain a policy giving admission preference to students who reside within the school's former attendance area. (Education Code 47605)

      However, if a charter school will be physically located in a public elementary school attendance area in which 50 percent or more of the student enrollment is eligible for free or reduced-price meals, it may also establish an admissions preference for students who are currently enrolled in the public elementary school and for students who reside in the public school attendance area. (Education Code 47605.3)

   b. If the number of students who wish to attend the charter school exceeds the school's capacity, attendance shall be determined by a public random drawing. However, preference shall be extended to students currently attending the charter school and students who reside in the District, except as provided for in Education Code 47614.5. (Education Code 47605)

   c. Other admissions preferences may be established on an individual school basis as consistent with law.

11. If the school offers a kindergarten program, offer a transitional kindergarten program to eligible students who do not yet meet the age criterion for entry into kindergarten. (Education Code 48000)

The audit report shall also be submitted to the state Controller and the California Department of Education. (Education Code 47605)
CHARTER SCHOOL RENEWAL

The Board believes that the ongoing operation of a charter school established within the District should be dependent on the school's effectiveness in achieving its mission and goals for student learning and other student outcomes. Whenever a charter school submits a petition for renewal of its charter, the Board shall review the petition thoroughly and in a timely manner.

(cf. 0420.4 - Charter School Authorization)
(cf. 0420.41 - Charter School Oversight)
(cf. 0420.43 - Charter School Revocation)
(cf. 0500 - Accountability)

Each renewal granted by the Board shall be for a period of five years. (Education Code 47607)

Submission of Renewal Petition

A charter school seeking renewal of its charter is encouraged to submit its petition for renewal to the Board at least 120 days, but no more than nine months, before the term of the charter is due to expire. The signature requirement applicable to new charter petitions is not applicable to petitions for renewal. (5 CCR 11966.4)

The petition for renewal shall include a reasonably comprehensive description of how the charter school has met all new charter school requirements enacted into law after the charter was originally granted or last renewed. The petition also shall include documentation that the charter school meets at least one of the criteria for academic performance specified in Education Code 47607(b), as listed in item #5 in the section "Criteria for Granting or Denying Renewal" below. (Education Code 47607; 5 CCR 11966.4) The Board may require that the school amend its charter to address any new issues before granting renewal.

Criteria for Granting or Denying Renewal

Renewals shall be governed by the same standards and criteria that apply to new charter petitions as set forth in Education Code 47605 and District Board policies and administrative regulations governing charter schools. The Board shall consider the past performance of the charter school's academics, finances, and operations in evaluating the likelihood of future success, along with plans for improvement, if any. (Education Code 47607; 5 CCR 11966.4)

In determining whether to grant a charter renewal, the Board shall consider increases in academic achievement for all "numerically significant" groups of students served by the charter school, as defined in Education Code 52052, as the most important factor. (Education Code 47607)

The Board shall deny a renewal petition only if it makes a written factual finding setting forth specific facts to support one or more of the following grounds: (Education Code 47605, 47607; 5 CCR 11966.4)
1. The charter school presents an unsound educational program for the students enrolled in the school.

2. The petitioners are demonstrably unlikely to successfully implement the program set forth in the petition.

3. The petition does not contain an affirmation of each of the conditions described in Education Code 47605(d).

4. The petition does not contain reasonably comprehensive descriptions of the charter provisions in Education Code 47605(b).

5. The charter school has failed to meet at least one of the following criteria of academic performance:
   a. Attainment of its Academic Performance Index (API) growth target in the prior year or in two of the last three years, both schoolwide and for all numerically significant groups of students served by the charter school as defined in Education Code 52052.
   b. An API ranking in deciles 4-10 in the prior year or in two of the last three years.
   c. An API ranking in deciles 4-10 for a demographically comparable school in the prior year or in two of the last three years.
   d. Academic performance at least equal to the academic performance of the public schools that the charter school students would otherwise have been required to attend as well as the academic performance of District schools, taking into account the composition of the student population that is served at the charter school. In determining whether the charter school satisfies this criterion, the Board shall base its decision on:
      (1) Documented clear and convincing data.
      (2) Student achievement data from assessments, including, but not limited to, the Standardized Testing and Reporting Program, for demographically similar student populations in comparison schools.
      (3) Information submitted by the charter school
CHARTER SCHOOL RENEWAL (continued)

Whenever the Board makes a determination based on this criterion, the Superintendent or designee shall submit copies of supporting documentation and a written summary of the basis for the Board's determination to the Superintendent of Public Instruction.

(cf. 6162.51 – State Academic Achievement Test)

e. Qualification for an alternative accountability system pursuant to Education Code 52052(h).

Timelines for Board Action

Within 30 days of receiving the renewal petition, the Board shall hold a public hearing to review documentation submitted by the charter school and obtain public input.

If the charter school submits documentation pursuant to item #5d in the section "Criteria for Granting or Denying Renewal" above, the Board shall not grant a renewal until at least 30 days after the submission of such documentation. (Education Code 47607)

Within 60 days of receiving the renewal petition, or within 90 days if extended by mutual written agreement of the Board and the charter school, the Board shall either grant or deny the request to renew the charter. (Education Code 47607; 5 CCR 11966.4)

If the Board fails to make a written factual finding pursuant to items #1-5 in the section "Criteria for Granting or Denying Renewal" above within the required time period, the absence of a written factual finding shall be deemed an approval of the renewal petition. (5 CCR 11966.4)

The Superintendent or designee shall provide notification to the California Department of Education, within 10 calendar days of the Board's action, whenever a renewal of the charter is granted or denied. (Education Code 47604.32; 5 CCR 11962.1)

If the Board denies a renewal petition, the charter school may submit its application for renewal to the County Board of Education within 30 days of the Board's written factual findings supporting the denial. If the County Board then fails to deny or grant the petition within 60 days of receiving the petition, or within 90 days if extended by written mutual agreement of the charter school and the County Board, the charter school may submit the petition to the State Board of Education. CHARTER SCHOOL REVOCATION

The Board expects any charter school it authorizes to provide a sound educational program that promotes student learning and to carry out its operations in a manner that complies with law and the terms of its charter.

(cf. 0420.4 – Charter School Authorization)
(cf. 0420.41 – Charter School Oversight)
(cf. 0420.42 – Charter School Renewal)
(cf. 0500 – Accountability)

The Board may revoke a charter before the date it is due to expire whenever the Board makes a written factual finding, supported by substantial evidence, that the charter school has done any of the following: (Education Code 47607)

1. Committed a material violation of any of the conditions, standards, or procedures set forth in the charter.

2. Failed to meet or pursue any of the student outcomes identified in the charter.

3. Failed to meet generally accepted accounting principles or engaged in fiscal mismanagement.

4. Violated any provision of law.

The Board shall also consider revocation of a charter whenever the California Collaborative for Educational Excellence (CCEE), after providing advice and assistance to the charter school pursuant to Education Code 47607.3, submits to the Board either of the following findings: (Education Code 47607.3)

1. That the charter school has failed or is unable to implement the recommendations of the CCEE, or

2. That the inadequate performance of the charter school, as based on an evaluation rubric adopted by the State Board of Education (SBE), is so persistent or acute as to require revocation of the charter.

In determining whether to revoke a charter, the Board shall consider increases in student academic achievement overall and for all "numerically significant" groups of students served by the charter school, as defined in Education Code 52052, as the most important factor. (Education Code 47607, 47607.3)

At least 72 hours prior to any Board meeting at which the Board will consider issuing a Notice of Violation, the Board shall provide the charter school with notice and all relevant documents related to the proposed action. (5 CCR 11968.5.2)
If the Board takes action to issue a Notice of Violation, it shall deliver the Notice of Violation to the charter school's governing body. The Notice of Violation shall identify: (Education Code 47607; 5 CCR 11965, 11968.5.2)

1. The charter school's alleged violation(s).

2. All evidence relied upon by the Board in determining that the charter school committed the alleged violation(s), including the date and duration of the alleged violation(s). The Notice shall show that each alleged violation is both material and uncured and that it occurred within a reasonable period of time before the Notice of Violation is issued.

3. The period of time that the Board has concluded is a reasonable period of time for the charter school to remedy or refute the identified violation(s). In identifying this time period, the Board shall consider the amount of time reasonably necessary to remedy each identified violation, which may include the charter school's estimation as to the anticipated remediation time.

By the end of the remedy period identified in the Notice of Violation, the charter school's governing body may submit to the Board a detailed written response and supporting evidence addressing each identified violation, including the refutation, remedial action taken, or proposed remedial action. (5 CCR 11968.5.2)

Within 60 calendar days of the conclusion of the remedy period, the Board shall evaluate any response and supporting evidence provided by the charter school's governing body and shall take one of the following actions: (5 CCR 11968.5.2)

1. Discontinue revocation of the charter and provide timely written notice of such action to the charter school's governing body.

2. If there is substantial evidence that the charter school has failed to remedy a violation identified in the Notice of Violation or to refute a violation to the Board's satisfaction, continue revocation of the charter by issuing a Notice of Intent to Revoke to the charter school's governing body.

If the Board issues a Notice of Intent to Revoke, it shall hold a public hearing concerning the revocation on the date specified in the notice, which shall be no later than 30 days after providing the notice. Within 30 calendar days after the public hearing, or within 60 calendar days if extended by written mutual agreement of the Board and the charter school, the Board shall issue a final decision to revoke or decline to revoke the charter. (Education Code 47607; 5 CCR 11968.5.2)
CHARTER SCHOOL REVOCTATION (continued)

If the Board fails to meet the timelines specified above for issuing a Notice of Intent to Revoke or a final decision, the revocation process shall be deemed terminated. (5 CCR 11968.5.2)

Within 10 calendar days of the Board's final decision, the Superintendent or designee shall provide a copy of the final decision to the California Department of Education (CDE) and the County Board of Education. (Education Code 47604.32; 5 CCR 11968.5.2)

Severe and Imminent Threat

The procedures specified above shall not be applicable when the Board determines, in writing, that any violation under Education Code 47607 constitutes a severe and imminent threat to the health or safety of students. In such circumstances, the Board may immediately revoke the school's charter by approving and delivering a Notice of Revocation by Determination of a Severe and Imminent Threat to Pupil Health or Safety to the charter school's governing body, the County Board, and the CDE. (Education Code 47607; 5 CCR 11968.5.3)

Appeals

If the Board revokes a charter, the charter school may, within 30 days of the Board's final decision, appeal the revocation to the County Board. Either the charter school or the district may subsequently appeal the County Board's decision to the SBE. However, a revocation based upon the findings of the CCEE pursuant to Education Code 47607.3 may not be appealed. (Education Code 47607, 47607.3; 5 CCR 11968.5.3-11968.5.5)

PAJARO VALLEY UNIFIED SCHOOL DISTRICT
Watsonville, California
Definitions

Free appropriate public education (FAPE) means special education and related services that are provided at public expense, under public supervision and direction, and without charge; meet the standards of the California Department of Education, including the requirements of 34 CFR 300.1-300.818; include appropriate preschool, elementary school, or secondary school education for individuals between the ages of 3 and 21; and are provided in conformity with an individualized education program (IEP) that meets the requirements of 34 CFR 300.320-300.324. (34 CFR 300.17, 300.101, 300.104; Education Code 56040)

FAPE applies to students who are suspended or expelled or placed by the district in a nonpublic, nonsectarian school. (34 CFR 300.17, 300.101, 300.104)

Least restrictive environment means that, to the maximum extent appropriate, students with disabilities, including individuals in public or private institutions or other care facilities, be educated with individuals who are nondisabled, including the provision of nonacademic and extracurricular services and activities. Special classes, separate schooling, or other removal of students with disabilities from the regular educational environment occurs only if the nature or severity of the disability is such that education in the regular classes with the use of supplementary aids and services cannot be achieved satisfactorily. (34 CFR 300.107, 300.114, 300.117; Education Code 56040.1)

Special education means specially designed instruction, provided at no cost to the parent/guardian, to meet the unique needs of individuals with disabilities including a full continuum of program options including instruction conducted in the classroom, in the home, in hospitals and institutions, and other settings, and instruction in physical education to meet the educational and service needs in the least restrictive environment. (Education Code 56300, 56031)

Special education may include each of the following if the services otherwise meet the definition in the above paragraph: (Education Code 56031)

2. Travel training

3. Career technical education

4. Transition services for students with disabilities in accordance with 34 CFR 300.43 if provided as specially designed instruction, or a related service, if required to assist a student with disabilities to benefit from special education

Specially designed instruction means adapting the content, methodology, or delivery of instruction to address the unique needs of the student that result from the student's disability and to ensure access of the student to the general curriculum, so that the student can meet the educational standards that apply to all students in the district. (34 CFR 300.39)
Surrogate parent means an individual assigned to act as a surrogate for the parent/guardian. The surrogate may represent an individual with disabilities in matters relating to identification, assessment, instructional planning and development, educational placement, reviewing and revising the IEP, and in other matters relating to the provision of FAPE to the individual with disability. (34 CFR 300.519; Education Code 56050)

9. A description of how specialized equipment and services will be distributed within the local plan area in a manner that minimizes the necessity to serve students in isolated sites and maximizes the opportunities to serve students in the least restrictive environment

The local plan, annual budget plan, and annual service plan shall be written in language that is understandable to the general public. (Education Code 56205)

(cf. 5116.1 - Intradistrict Open Enrollment)
(cf. 6179 - Supplemental Instruction)

Program Evaluation

The Board shall annually review the adequate yearly progress of each district school based on state academic assessments and other indicators specified in the state plan for the No Child Left Behind Act. The Superintendent or designee shall publicize and disseminate the results of this review to parents/guardians, principals, schools, and the community so that the instructional program can be continually refined to help all students meet state academic standards. (20 USC 6316)

(cf. 0510 - School Accountability Report Card)
(cf. 6190 - Evaluation of the Instructional Program)

The Board and Superintendent or designee also shall review the effectiveness of the actions and activities carried out by PI schools with respect to parental involvement, professional development, and other PI activities. (20 USC 6316)

(cf. 4131 - Staff Development)
(cf. 6020 - Parent Involvement)
TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

As necessary based on the results of these evaluations, the Board may require the Superintendent or designee to review and revise any of the school's reform plans, including the school's Single Plan for Student Achievement, allocate additional resources toward the implementation of the plan, and/or require more frequent monitoring of the school's progress in order to raise student achievement.

PAJARO VALLEY UNIFIED SCHOOL DISTRICT
Watsonville, California
Definitions

*Adequate yearly progress* (AYP) is a series of annual academic performance goals, as defined by the State Board of Education, that incorporate student participation levels on state assessments, minimum required percentages of students scoring at the proficient level or above on English language arts and mathematics state assessments, high school graduation rates, and growth on the state's Academic Performance Index (API).

(cf. 6162.51 - Standardized Testing and Reporting Program)
(cf. 6162.52 - High School Exit Examination)

*Numerically significant subgroups* include economically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and students with limited English proficiency, when the number of students in the subgroup is sufficient to yield statistically reliable results. (20 USC 6311)

*Program improvement (PI) school* is a school receiving federal Title I funds that has failed to make AYP for each of two consecutive school years in the same content area (i.e., English-language arts or mathematics) schoolwide or for any numerically significant subgroup, or has failed to make AYP on the same additional indicator (i.e., API for all schools or, for high schools, graduation rate) schoolwide.

**Year 1 Program Improvement**

When any Title I school is identified for Year 1 PI: (20 USC 6316)

1. The Superintendent or designee shall provide students enrolled in the school the option of transferring to another district school or charter school that has not been identified for PI, as described below under "Student Transfers."

(cf. 0420.4 - Charter Schools)

2. The principal and school community shall revise the school's Single Plan for Student Achievement in accordance with 20 USC 6316, and present it for approval by the Governing Board.

(cf. 0420 - School Plans/Site Councils)
(cf. 6171 - Title I Programs)

3. Within 45 days of receiving the plan, the Board shall establish a peer review process to assist with the review of the plan, work with the school as necessary, and approve the plan if it meets the requirements of law. (20 USC 6316)
TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

4. The school shall implement the plan no later than the beginning of the next full school year following the school's identification for PI, or, if the plan has not been approved prior to beginning the school year, immediately upon approval of the plan. (20 USC 6316)

5. As the school develops and implements the school plan, the Superintendent or designee shall ensure that the school receives technical assistance either from the district, the California Department of Education (CDE), an institution of higher education, a private organization, an educational service agency, or another entity with experience in helping schools improve academic achievement, including assistance in: (20 USC 6316)

   a. Analyzing data from state assessments and other examples of student work to identify and address problems in instruction and/or problems in implementing Title I requirements pertaining to parent involvement, professional development, or school and district responsibilities identified in the school plan

   b. Identifying and implementing professional development, instructional strategies, and methods of instruction that are based on scientifically based research and that have proven effective in addressing the specific instructional issues that caused the school to be identified for PI

   c. Analyzing and revising the school's budget so that the school's resources are more effectively allocated to the activities most likely to increase student achievement and remove the school from PI status

(cf. 3100 - Budget)

Year 2 Program Improvement

For any Title I school that fails to make AYP by the end of the first full school year after being identified for PI, the Superintendent or designee shall: (20 USC 6316)

1. Continue to provide all students enrolled in the school the option of transferring to another district school or charter school that has not been identified for PI, as described below under "Student Transfers"

2. Arrange for the provision of supplemental educational services to eligible students from low-income families by a provider with a demonstrated record of effectiveness, as described below under "Supplemental Educational Services"

3. Continue to provide for technical assistance
TITLE I PROGRAM IMPROVEMENT SCHOOLS  (continued)

Year 3 Program Improvement: Corrective Action

When a school continues to fail to make AYP by the end of the second full school year after identification for PI (four consecutive years of failure to make AYP), the Superintendent or designee shall continue to provide all elements of Year 1 and Year 2 PI. In addition, the Board shall take at least one of the following corrective actions: (20 USC 6316)

1. Replace school staff relevant to the failure  
   (cf. 4113 - Assignment)

2. Implement a new curriculum and related professional development  
   (cf. 4131 - Staff Development)  
   (cf. 4231 - Staff Development)  
   (cf. 4331 - Staff Development)

3. Significantly decrease management authority at the school level

4. Appoint an outside expert to advise the school

5. Extend the school year or school day for the school  
   (cf. 6111 - School Calendar)

6. Restructure the internal organization of the school

Year 4 Program Improvement and Beyond: Restructuring

For any school that continues to fail to make AYP after one full year of corrective action, the Superintendent or designee shall continue to provide all students enrolled in the school with the option to transfer to another district school or charter school and continue to make supplemental educational services available to eligible students who remain in the school. In addition, the Board shall develop a plan and make necessary arrangements to implement one of the following options for alternative governance and restructuring, consistent with state law: (20 USC 6316)

1. Reopen the school as a charter school

2. Replace all or most of the school staff relevant to the failure

3. Enter into a contract with an entity with a demonstrated record of effectiveness to operate the school

4. Turn the operation of the school over to the CDE
TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

5. Institute any other major restructuring of the school's governance arrangements that makes fundamental reforms

Notifications

Whenever a school is identified for PI, corrective action, or restructuring, the Superintendent or designee shall promptly notify parents/guardians of students enrolled in that school. The notification shall include: (20 USC 6316; 34 CFR 200.37)

1. An explanation of what the identification means, and how the school compares in terms of academic achievement to other elementary or secondary schools in the district and state

2. The reasons for the identification

3. An explanation of what the school is doing to address the problem of low achievement

4. An explanation of what the district or state is doing to help the school address the achievement problem

5. An explanation of how parents/guardians can become involved in addressing the academic issues that caused the school to be identified for PI

6. An explanation of the option to transfer to another district school or charter school as described below under "Student Transfers"

7. If the school is in Year 2 of PI or beyond, an explanation of how parents/guardians can obtain supplemental educational services for their child as described below under "Supplemental Educational Services"

(cf. 5145.6 - Parental Notifications)

The Superintendent or designee shall disseminate information about corrective actions taken at any district school to the parents/guardians of each student in that school and to the public through such means as the Internet, the media, and public agencies. (20 USC 6316)

The Superintendent or designee shall promptly notify teachers and parents/guardians whenever a school is identified for restructuring and shall provide them adequate opportunities to comment before taking action and to participate in developing any plan for restructuring school governance. (20 USC 6316)
TITLE I PROGRAM IMPROVEMENT SCHOOLS  (continued)

All notifications pertaining to PI shall be written in an understandable and uniform format and, to the extent practicable, in a language the parents/guardians can understand. (20 USC 6316)

To the extent practicable, the district shall partner with outside groups, such as faith-based organizations, other community-based organizations, and business groups, to help inform eligible students and their families of the opportunities to transfer or to receive supplemental educational services. (34 CFR 200.48)

Student Transfers

All students enrolled in a school in Year 1 of PI or beyond shall be provided an option to transfer to another district school or charter school that: (20 USC 6316; 34 CFR 200.44)

1. Has not been identified for PI, corrective action, or restructuring

2. Has not been identified by the CDE as a "persistently dangerous" school pursuant to 20 USC 7912 and 5 CCR 11992-11994

(cf. 0450 - Comprehensive Safety Plan)
(cf. 5116.1 - Intradistrict Open Enrollment)

Among these students, priority shall be given to the lowest achieving students from low-income families, as defined by the district for purposes of allocating Title I funds. (20 USC 6316; 34 CFR 200.44)

If two or more district schools are eligible to accept transfers based on criteria listed in items #1-2 above, the district shall provide a choice of more than one such school and shall take into account parent/guardian preferences among the choices offered. (34 CFR 200.44)

School capacity shall not be used to deny transfer opportunities to students. However, the Superintendent or designee may consider capacity in selecting schools that will be offered as alternatives for school choice. The Board may increase capacity in eligible district schools to accommodate all students who wish to transfer.

The transfer option shall be offered so that students may transfer in the school year following the school year in which the district administered the assessments that resulted in the identification of the school for PI, corrective action, or restructuring. In order to provide adequate time for parents/guardians to exercise their transfer option before the school year begins, the Superintendent or designee shall notify parents/guardians of the available school choices sufficiently in advance of, but no later than 14 calendar days before, the start of the school year. (34 CFR 200.37, 200.44)
Notice of the transfer option shall:

1. Inform parents/guardians that their child is eligible to attend another public school due to the identification of the current school as in need of improvement

2. Identify each public school or public charter school that the parent/guardian can select

3. Explain why the choices made available to the parents/guardians may have been limited

4. Provide information on the academic achievement of the school(s) to which the student may transfer (34 CFR 200.37)

5. Explain the provision of transportation to the new school (34 CFR 200.37)

The notice may include other information about the school(s) to which the student may transfer, such as a description of any special academic programs or facilities, the availability of before- and after-school programs, the professional qualifications of teachers in the core academic subjects, and a description of parent involvement opportunities. (34 CFR 200.37)

(cf. 5148.2 - Before/After School Programs)

In addition to mailing notices directly to parents/guardians, the Superintendent or designee shall provide information about transfer options through broader means, such as the Internet, the media, and public agencies serving students and their families. (34 CFR 200.36)

To ensure that parents/guardians have current information, the district shall prominently display on its web site, in a timely manner each school year, the number of students who were eligible for and who participated in the student transfer option, beginning with data from the 2007-08 school year and each subsequent year thereafter, and a list of available schools to which eligible students may transfer in the current school year. (34 CFR 200.39)

The Superintendent or designee may establish reasonable timelines for parents/guardians to indicate their intent to transfer their child and for the district to notify parents/guardians of the school assignment.

The Superintendent or designee may require parents/guardians to rank-order their preferences from among schools that are eligible to receive transfer students. Parents/guardians may decline their assigned school and remain in their school of origin.

The district shall provide, or shall pay for the provision of, transportation for the student to the public school that student chooses to attend. (20 USC 6316; 34 CFR 200.44)

(cf. 3540 - Transportation)
TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

To ensure that transportation may be reasonably provided, the Superintendent or designee may establish transportation zones based on geographic location. Transportation to schools within a zone shall be fully provided, while transportation outside the zone may be partially provided.

Any student who transfers to another school may remain in that school until he/she has completed the highest grade in that school. However, the district shall not be obligated to provide, or pay for the provision of, transportation for the student after the end of the school year that the school of origin is no longer identified for PI, corrective action, or restructuring. (20 USC 6316; 34 CFR 200.44)

In the event that all district schools are identified for PI, corrective action, or restructuring, the district shall, to the extent practicable, establish a cooperative agreement with other local educational agencies in the area for an interdistrict transfer. (20 USC 6316; 34 CFR 200.44)

(cf. 5117 - Interdistrict Attendance)

Supplemental Educational Services

When required by law, supplemental educational services shall be provided outside the regular school day and shall be specifically designed to increase achievement of eligible students from low-income families on state academic assessments and to assist them in attaining state academic standards. (20 USC 6316)

(cf. 6011 - Academic Standards)
(cf. 6179 - Supplemental Instruction)

When a school is required to provide supplemental educational services, the Superintendent or designee shall annually notify parents/guardians of: (20 USC 6316; 34 CFR 200.37)

1. The availability of supplemental educational services
2. The identity of approved providers that are within the district or are reasonably available in neighboring local educational agencies
3. The identity of approved providers of technology-based or distance learning supplemental educational services
4. The services, qualifications, and demonstrated effectiveness of each provider, including an indication of those providers who are able to serve students with disabilities or limited English proficiency
5. The benefits of receiving supplemental educational services
In addition, the notification shall describe procedures and timelines that parents/guardians must follow to select a provider.

This notification shall be clearly distinguishable from other information sent to parents/guardians regarding identification of the school for PI, corrective action, or restructuring. (34 CFR 200.37)

To ensure that parents/guardians have current information, the district shall prominently display on its web site, in a timely manner each school year, the number of students who were eligible for and who participated in supplemental educational services, beginning with data from the 2007-08 school year and each subsequent year thereafter, a list of state-approved providers serving the district in the current year, and the location where services are provided. (34 CFR 200.39)

The Superintendent or designee shall distribute sign-up forms for supplemental educational services directly to all eligible students and their parents/guardians and make them available and accessible through broad means of dissemination such as the Internet, other media, and communications through public agencies serving eligible students and their families. (34 CFR 200.48)

The district shall provide a minimum of two enrollment windows, at separate points in the school year, that are of sufficient length to enable parents/guardians of eligible students to make informed decisions about requesting supplemental educational services and selecting a provider. (34 CFR 200.48)

Eligible supplemental services providers shall be given access to school facilities, using a fair, open, and objective process, on the same basis as other groups that seek access to school facilities. (34 CFR 200.48)

(cf. 1330 - Use of School Facilities)

Within a reasonable period of time established by the Superintendent or designee, parents/guardians shall select a service provider from among those approved by the SBE. Upon request, the Superintendent or designee shall assist parents/guardians in choosing a provider. (20 USC 6316; 34 CFR 200.46)

When the district is an approved service provider, the Superintendent or designee shall be careful to provide parents/guardians with a balanced presentation of the options available to them and shall ensure that they understand their right to select the district or any other service provider.

The Superintendent or designee shall ensure that eligible students with disabilities, students covered under Section 504 of the federal Rehabilitation Act, and students with limited
TITLE I PROGRAM IMPROVEMENT SCHOOLS (continued)

English proficiency receive appropriate supplemental educational services with any necessary accommodations or language assistance. (34 CFR 200.46)

(cf. 6159 - Individualized Education Program)
(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)
(cf. 6164.6 - Identification and Education Under Section 504)
(cf. 6174 - Education for English Language Learners)

If no provider is able to make the services available to such students, the district shall provide these services with necessary accommodations or language assistance, either directly or through a contract. Supplemental educational services shall be consistent with a student's individualized education program (IEP) or Section 504 services plan.

If available funds are insufficient to provide supplemental educational services to each eligible student whose parents/guardians request those services, priority shall be given to the lowest achieving eligible students. (20 USC 6316)

If the number of parents/guardians selecting a particular provider exceeds the capacity of that provider, priority shall be given to the lowest achieving eligible students.

Once a provider has been selected by a parent/guardian, the Superintendent or designee shall enter into an agreement with the provider. The agreement shall: (20 USC 6316)

1. Require the district to develop, in consultation with the parents/guardians and the provider, a statement of specific achievement goals for the student, how the student's progress will be measured, and a timetable for improving achievement. In the case of a student with disabilities, the statement shall be consistent with the student's IEP.

2. Describe how the student's parents/guardians and teacher(s) will be regularly informed of the student's progress.

3. Provide for the termination of the agreement if the provider is unable to meet such goals and timetables.

4. Contain provisions with respect to the district making payments to the provider.

5. Prohibit the provider, without written parent/guardian permission, from disclosing to the public the identity of any student eligible for or receiving supplemental educational services.

(cf. 5125.1 - Release of Directory Information)
TITILE I PROGRAM IMPROVEMENT DISTRICTS

The Governing Board shall annually review and analyze the district's performance in making adequate yearly progress (AYP) toward student achievement standards, in accordance with criteria established by the State Board of Education (SBE). The Board's review shall include an evaluation of whether district improvement efforts are aligned and adequately focused on increasing achievement levels for all students. As necessary, the Board and the Superintendent or designee shall take steps to improve district operations and programs to enable students to achieve proficiency.

(cf. 0500 - Accountability)
(cf. 6011 - Academic Standards)
(cf. 6162.51 - Standardized Testing and Reporting Program)

Early Warning Program

In the event that the district is provided notice by the California Department of Education (CDE) that it is in danger of being identified for program improvement (PI) within two years under the federal No Child Left Behind Act, the Board shall determine whether to participate in the voluntary Early Warning Program. If the Board elects to have the district participate in the program, the district shall conduct a voluntary self-assessment using research-based criteria provided by the CDE and may revise its Title I local educational agency (LEA) plan based on the results of that assessment. (Education Code 52055.57)

(cf. 6171 - Title I Programs)

Year 1-2 PI: Revision and Implementation of LEA Plan

In the event that the district is identified for PI by the CDE, the Superintendent or designee shall, in accordance with law and administrative regulation, notify parents/guardians, administer a district self-assessment process, and revise the LEA plan. (20 USC 6316; Education Code 52055.57)

The revised LEA plan or plan addendum shall be approved by the Board and submitted to the CDE. The Superintendent or designee shall regularly report to the Board regarding the implementation of the plan during Years 1 and 2 of the program.

The Superintendent or designee shall utilize available state and local resources to identify specific problems contributing to low student achievement and provide technical assistance and support to resolve those problems. He/she also shall work closely with individual school sites to raise student achievement in accordance with school plans.

(cf. 0520.1 - High Priority Schools Grant Program)
(cf. 0520.2 - Title I Program Improvement Schools)
TITLE I PROGRAM IMPROVEMENT DISTRICTS (continued)

Year 3 PI: Corrective Action

If the district does not make AYP after two years of receiving program funding, the Board shall cooperate with the Superintendent of Public Instruction (SPI) and the SBE in the identification and implementation of appropriate corrective actions.

The Board shall enter into a contract with a district assistance and intervention team (DAIT) whenever the SPI and SBE determine this to be the most appropriate corrective action. Upon receiving a report of recommendations from the DAIT: (Education Code 52055.57, 52059)

1. The Board may, not later than 30 days after completion of the report, appeal to the SPI to be exempted from implementing one or more of the report's recommendations.

2. Not later than 60 days after completion of the report, the Board shall, at a regularly scheduled meeting, adopt the report recommendations, as modified by any exemptions granted by the SPI.

The Superintendent or designee shall establish a district leadership team to collaborate with the DAIT in the development and implementation of an action plan to address high-priority needs. This team may include site and district administrators, teacher leaders, special education teachers, English learner experts, fiscal officers, and other key personnel, as appropriate.

The Board and the Superintendent or designee shall monitor the district's progress in implementing the DAIT's recommendations and shall continually use student performance data to determine whether additional district or school site changes are necessary to improve student achievement.

QUALITY EDUCATION INVESTMENT SCHOOLS

The Governing Board believes that schools demonstrating the lowest performance on state indicators of student achievement should be assisted with additional resources and support focused on instructional improvement and student services. Such schools also need working conditions and learning environments that will attract and retain well-qualified teachers, administrators, and other staff. The Board desires to help such schools address their complex educational needs and achieve their annual growth targets.

Whenever the Superintendent of Public Instruction identifies a district school as ranking in decile 1 or 2 on the Academic Performance Index (API) and notifies the district that the school is eligible to participate in the state's Quality Education Investment program, the Board shall determine whether applying for this funding will help improve academic achievement at that school. The Superintendent or designee shall review the program requirements and recommend to the Board if it would be in the district's best interest to apply to use alternative program requirements that would provide for a higher level of academic achievement. Based on this determination, the Board may submit an application, including an application for an alternative program, on behalf of the school in order to obtain additional state funding for school improvement.

The Superintendent or designee shall ensure that each participating school uses program funds for the purposes expressed in law and administrative regulation. Activities carried out under this program shall be aligned with other school improvement efforts.

(cf. 0420 - School Plans/Site Councils)
(cf. 0520 - Intervention for Underperforming Schools)
(cf. 0520.1 - High Priority Schools Grant Program)
(cf. 0520.2 - Title I Program Improvement Schools)
(cf. 0520.3 - Title I Program Improvement Districts)

The Board shall monitor the progress of participating schools to evaluate the effectiveness of school efforts in increasing student achievement, as measured by the API and other indicators, increasing student attendance, and, for secondary schools, increasing graduation rates. If the Board determines that sufficient progress is not being made at a particular school, the Board and Superintendent or designee shall determine what types of additional district resources and support should be provided to the school so that progress in increasing student achievement can be made.
